# The ultimate adventure. Voyages, and underwater explorations: Mount Vema is open for tourism - W-Southern

---

**April 24, 2022** – [W-Southern](#) the passenger transportation services provider for voyages to the South Atlantic told VSBCnews on Saturday that it has started processing reservations to the Kingdom of Mount Vema.

The company said that its reservation system is ready for anyone who wishes to travel to Mount Vema. The update was expected on Friday, but the company delayed the announcement to coincide with this bank holiday weekend. His Mount Vema Majesty's birthday.

25<sup>th</sup> of April is a Mount Vema bank holiday. The time of the year when the Mount Vema Society across the world celebrates Thanksgiving. The society uses this occasion to give thanks for the birth of the founding father of the Vema Seamount society.

The Vema Seamount Authority, King Peter J Goldishman was born on April the 25th 1974. The Mount Vema community celebrates this annual tradition with a thanksgiving meal where fish is part of the menu.

For more than a decade now, the King's birthday has become more than just about the Vema Seamount Thanksgiving meal tradition when most members of the Mount Vema community gather on the 25th of April to mark the occasion with a meal based on fish or seafood recipes, as the Mount Vema Thanksgiving Day, but also a competition among community members, with links to Mount Vema for the best Vema Seamount fish recipe.

This year to mark this special occasion [W-Southern](#) waited for the big day to break the news, that transportation to Mount Vema is now set to become a regular service available to anyone who wishes to visit His Mount Vema Majesty's realm for work or tourism. Services include chartered flights from every major international airport connecting to cities where ships are ready to set sail, to provide sea shuttle services to Mount Vema.
