# MVHS's Gynaecology Unit to employ female staff only – Rule 20072021-1

---

**July 21, 2021** – The Gynaecology Unit of the MVHS (Mount Vema Healthcare Service) currently preparing its specialist Units for the City of Mount Vema confirmed that it will start to re-organize its long-term plans to comply with Rule 20072021-1.

The Rule 20072021-1 is a Royal Order introduced on Tuesday by His Majesty King Peter J Goldishman of Mount Vema – The Vema Seamount Authority, that prohibits male physicians from working in any Gynaecology Unit of the MVHS in Mount Vema involved in treatments that are non surgical, until July 20, 2031, when the Rule may be reviewed by the Congress of Mount Vema.

The Rule does not apply when treatment involves a Gynaecological Surgeon at the specialist Unit where a physician's referral is required. When women must first see a physician at the District Clinic, the physician must be a female prior to a referral to see a gynaecologist.
