

Construction of sections of the Pashant Road developments has officially begun

September 06, 2021 – Handy Deed, the construction company of Mount Vema, confirmed today that it has officially begun working on the construction of sections of the Pashant Road developments.

The company has started the works with sections of its own building, number 1 Pashant Road, which will be its headquarters in Mount Vema, and when completed, the property will dock and form part of its unique foundation structure to made of precast concrete which will be built separately as part of the City Docks.

Pashant Road will form part of a docklands structure to be paid by the Mount Vema government from sale of Government Bonds which will be repaid out of tax duties from Title Plan sale transactions.

As result of this announcement the District of Pashant Project Administration has issued the following notice:

Holders of City of Mount Vema Title Plans who, have reserved a property off-plan - City of Mount Vema Project, District of Pashant, 1st Neighbourhood, Zone 01 PT 01 001, are hereby informed that to request for any special features for developer's consideration to be included in the final designs of any property to be located within this area, proposals must be submitted by the first week of December 2021. Requests for any special features will be considered only if in connection with the interior of the property.

Note, as all properties in this neighbourhood will be part of a network of floating structures, some requests may be rejected for safety reasons.

Special requests may be submitted either to the estate agency that processed the reservation, the law firm that processed the reservation, or directly to the Ministry of National Development and Land Maintenance, through the contact page of the Mount Vema Official Website.
