

# Urban plan and divisions of the District of Pashant unveiled from Zone 1 to Zone 7

**September 15, 2021** – The Mount Vema Ministry of National Development and Land Maintenance has unveiled the Urban Plan of the District of Pashant that includes all its 7 Zones.

The Plan is the first of a set of district urban plans to be published regularly as a guide to make it easier for investors to locate their City of Mount Vema off-plan properties.

The new illustrative design will also help project coordinators, engineers, 3D designers, and architects working on 1000s of City of Mount Vema individual projects such as specific buildings, to better visualize their work.

The City of Mount Vema District of Pashant project, will have areas that will be both residential and commercial, as well as industrial, due to the serviced apartments planned for Pashant Road, and the district's location right next to the Port of Mount Vema to the north.

Pashant development plans, is divided into seven neighbourhoods, and will have a population of more than 100,000 people. It will be home of the Headquarter of Handy Deed, the Mount Vema Red Cross, and the Port of Mount Vema Administration.
