

## Past, present and future Universal Cross Awards to be presented in Mount Vema

**May 18, 2021** – The Universal Cross Organization announced on Monday that all past, current and future recipients of the Universal Cross, will have to travel to Mount Vema where the award will be presented at the annual Award Ceremony as soon as the City of Mount Vema is ready to host the events.

The news comes after all Mount Vema entities begun to prepare for Mount Vema, although the announcement was already expected by many, especially people familiar with the movements in the Mount Vema Stock Exchange after the Universal Cross Organization begun to boost its capital after investing in shares, bonds, and Mount Vema real estate to pay for the costs of organizing the events and pay for prizes.

The Universal Cross is one of the most prestigious prizes awarded annually by The Kingdom of Mount Vema to people and organizations worldwide for services to the Environment, Promotion of Peace, Universal Welfare and Life Achievement.

The award ceremonies will take place annually in Mount Vema where each recipient will receive a gold medal, a certificate, and a monetary award of 2.5 million golles.

The organization and the people who vote for nominations usually have no political associations and do not take sides on any political issues neither within the Mount Vema Society or beyond the jurisdiction of the Vema Seamount Territory. Recognitions are simply based on Extraordinary Deeds. A recognition for courage and the will to Cross the Extra Mile against all odds. A self-sacrificing act to reach where no one else has dared to reach before for the benefit of others.
