

Direct messages to the Vema Seamount Authority opened for Heads of State and Foreign Affairs

May 21, 2021 – His Mount Vema Majesty’s Government has launched a new webpage within the official website of the Vema Seamount Territory where Heads of State, and their representatives can communicate with the Vema Seamount Authority or with the Mount Vema Department of Foreign Affairs without the need to set up an account with the Mount Vema Postal Service Online.

The Official E-mail page at <https://www.mount-vema.com/e-mail.html> is opened for official business with foreign governments only. For other issues or to contact any other legal entity of the Kingdom of Mount Vema the correct page to visit is <https://www.mount-vema.com/contact-mount-vema.html>.

Sources told VSBCnews that this new approach is to make it easier for foreign Governments to connect with His Mount Vema Majesty King Peter Goldishman – The Vema Seamount Authority and his representatives responsible for foreign affairs, as the King embarks on a campaign to reach out to foreign leaders seeking deals to support Mount Vema businesses in search of materials, manpower, and locations to set up the factories needed to support the growing economy of Mount Vema.
